Limited review report on unaudited quarterly consolidated financial results of Rain Industries Limited under Regulation 33 of the SEBI (Listing Obligations and Disclosures Requirements) Regulation, 2015

To

The Board of Directors of Rain Industries Limited

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Rain Industries Limited and its subsidiaries (the Parent and its subsidiaries together referred to as “the Group”), and its share of the net profit after tax and total comprehensive income of its associates for the quarter ended 31 March 2021 (“the Statement”), being submitted by the Parent pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('Listing Regulations').
2. This Statement, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 “Interim Financial Reporting” (“Ind AS 34”), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities which have been mentioned in Annexure I to this report.
5. Attention is drawn to the fact that the figures for the 3 months ended 31 December 2020 as reported in these financial results are the balancing figures between audited figures in respect of the full previous financial year and the published year to date figures up to the third quarter of the previous financial year. The figures up to the end of the third quarter of previous financial year had only been reviewed and not subjected to audit.

Limited review report on unaudited quarterly consolidated financial results of Rain Industries Limited under Regulation 33 of the SEBI (Listing Obligations and Disclosures Requirements) Regulation, 2015 (continued)

6. Based on our review conducted and procedures performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
7. The Statement includes the financial results of 16 subsidiaries which have not been reviewed, whose financial results reflect total revenue of Rs. 847.03 million, total net loss after tax of Rs. (437.64) million and total comprehensive (loss) of Rs. (474.27) million for the quarter ended 31 March 2021, as considered in the Statement. The Statement also includes the Group's share of net profit after tax of Rs. Nil and total comprehensive income of Rs. Nil for the quarter ended 31 March 2021, respectively, as considered in the consolidated unaudited financial results, in respect of 1 associate, based on its interim financial results which has not been reviewed. The above financial results are before giving effect to any intra group eliminations and consolidation adjustments. According to the information and explanations given to us by the management, these financial results on a consolidated basis are not material to the Group.

(See accompanying notes to the Consolidated Unaudited Financial Results)			

Notes:

1 The Consolidated Unaudited Financial Results were reviewed by the Audit Committee on April 28, 2021 and approved by the Board of Directors at their meeting held on April 29, 2021.

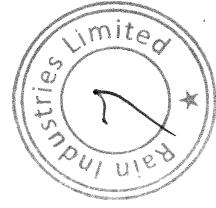

2 The Consolidated Unaudited Financial Results have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of Companies Act, 2013 ('The Act') read with relevant rules issued thereunder and in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

3 The Consolidated Unaudited Financial Results for the Quarter ended March 31, 2021 have been subjected to a "Limited Review" by the statutory auditors of the Company. An unqualified report has been issued by them thereon.

4 Hurricane Laura made landfall in Lake Charles, Louisiana on August 27, 2020, where the Company's Subsidiary has a CPC manufacturing plant and a co-generation power plant. The hurricane impacted the facilities at Lake Charles and the roads, port and other infrastructure in the area around Lake Charles. This resulted in a temporary stoppage of operations at this facility from August 23, 2020. The production was resumed partially on October 22, 2020 and 100% during first week of November 2020, while the restoration activities are still on-going. The Company is having adequate insurance coverage subject to normal deductibles. The Company incurred an amount of INR 341.61 and INR 459.39 towards repairs for the quarter and year ended December 31, 2020 respectively, which was recorded under the heading Other expenses. The Company also incurred an amount of INR 476.86 towards capital expenditure for the quarter and year ended December 31, 2020.

During the quarter ended March 31, 2021, the Company incurred an additional amount of INR 114.89 towards repairs which was recorded under the heading Other expenses and INR 200.40 towards capital expenditure.

5 On December 31, 2020, the Group completed the sale of its Wholly Owned Subsidiaries engaged in the manufacturing and distribution of Polynaphthalene Sulfonates - RUTGERS Polymers Limited and Handy Chemicals (U.S.A.) Limited, for an aggregate cash consideration of INR 3,864.27 which resulted in a gain of INR 6,386.27 which was recorded under the heading Other income during the quarter ended December 31, 2020. The sale resulted in loss of control over both subsidiaries and accordingly the Group derecognised the assets and liabilities at their carrying amounts on date of sale as per "IND AS 110 – Consolidated financial statements".

6 During the year ended December 31, 2020, due to the COVID-19 pandemic, there was nationwide lockdown in India and supply disruptions in various other countries, which affected the operations across the Group. However, the situation started improving from the third quarter of 2020. Again with resurgence of COVID-19, the Group continues to evaluate the impact of this pandemic on its business operations, liquidity and financial position. Based on management's review of current indicators and economic conditions there is no material impact on its financial results as at March 31, 2021, and carrying value of its assets, except certain inventory related write-downs, which are already provided during 2020, as explained in Note 8. However, the impact assessment of COVID-19 is a continuing process given the uncertainties associated with its nature and duration and accordingly the impact may be different from that estimated as at the date of approval of these financial results. The Group will continue to monitor any material changes to future economic conditions.

7 On August 6, 2019, the Board of directors of Rain Carbon Inc., a wholly owned step down subsidiary of the Company, decided to close down one of the Group's facility in Uithoorn, Netherlands in light of eroding profitability for hydrocarbon and C9 aromatic resins, particularly for printing inks and adhesives in a phased manner by March 31, 2020. The Company recorded accelerated depreciation of INR 139.16 during the quarter ended March 31, 2020. During the year ended December 31, 2020, management has taken all necessary steps required for closure of plant including requirements from environmental point of view in cleaning up all the waste. Due to certain cost saving measures undertaken by the Company in the cleaning up activity, there was a reduction in the cost estimated during 2019 by approximately INR 156.12 million. This has been recorded during the year ended December 31, 2020 as a reversal of provision under the heading Other income.

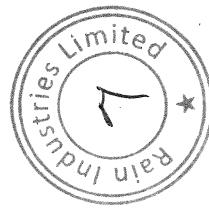

8 (i) Due to the change in the macro-economic conditions like effect of COVID-19 and fall in crude oil prices, there was a sharp decline in the prices of products. This resulted in abnormal fall in net realisable value (NRV) of inventories. Accordingly, an amount of INR 829.63 and INR 1,654.92 was recorded towards inventory write down under the heading Changes in inventories of finished goods, work-in-progress and stock-in-trade for the quarter ended March 31, 2020 and year ended December 31, 2020 respectively.

(ii) During the quarter ended March 31, 2020, other inventory adjustments towards NRV of INR 70.53 (apart from the above mentioned impact of COVID-19).

9 On September 20, 2019 vide the Taxation Laws (Amendment) Ordinance 2019, the Government of India inserted Section 115BAA in the Income Tax Act 1961 which provides domestic companies a non-reversible option to pay corporate tax at reduced rates effective April 01, 2019, subject to certain conditions. During quarter ended March 31, 2020, one of the Indian subsidiary company evaluated and adopted the new tax rate of 25.168%. Accordingly, the Group remeasured its current tax expense and Deferred tax asset/liability basis the rate prescribed in the said section. The change in tax rate resulted in reduction in current tax expense by INR 124.00 and reduction in deferred tax benefit by INR 30.92 for the quarter ended March 31, 2020. During the quarter ended December 31, 2020, the parent Company also has evaluated and adopted the new tax rate of 25.168%. Accordingly, the Company remeasured its current tax expense and Deferred tax asset/liability basis the rate prescribed in the said section. The change in tax rate resulted in write-off of Minimum Alternate Tax Credit by INR 3.26 for the quarter and year ended December 31, 2020.
